

# Cumbria Theological Society

**Programme** *for* **2017**

*The Cumbria Theological Society was founded in 1992 as an ecumenical organisation with the aim of hosting five or six lectures or seminars each year.*

*The purpose of the Society is to stimulate theological reflection—among both lay and ordained Christians—and explore its practical implications for the mission of the churches. It is run by a small steering group, with representatives from the Anglican, Methodist, Roman Catholic and URC churches.*

*Lectures are open to all and are funded by voluntary donations.*

**Cumbria  
Theological  
Society**
